## PPS 801 Short throw projector mount (swivel)

The PPS 801 wall mount is especially designed for the new generation short throw projectors. This wall mount has unique features especially for short throw applications and will save a lot of installing and adjustment time. The mount is also equipped with the unique Vogel's Fine Tune Mechanism VFT™ for setting and keeping the projector exactly positioned. The swivel functionality of the PPS 801 offers extra safety and security for both teacher and projector and creates more space when not in use. An optional wall lock (PPSA 100) and security cage (PPSA 200) are available.

## Features

- Fully adjustable
- Safe and secure
- Strong and sturdy construction especially for education use
- Swivel function for additional security in combination with the PPSA100 or PPSA200
- Universal projector interface
