

NEC MultiSync® P703

Order Code: 60003480

NEC LCD 70" Professional Large Format Display

The Reference MultiSync® P703 gives the ultimate size and quality image for content that will capture the imagination and attention of your visitors. The display can be pre-configured before it is installed via our innovative new Android App and NFC sensor offer saving installation time and cost. A focus is also placed on reducing power consumption and lowering running costs with the LED backlighting and Human Sensor which can manage the power of the display depending upon viewer proximity.

This display is ideal for any heavy duty application from retail to control rooms or as a projector replacement in high brightness meeting rooms and can be combined with an integrated OPS WiDi.

BENEFITS

Lowest installation and operating costs on the market - from the combination of LED backlights, Intelligent Wireless Data (NFC), programmable Ambient Light Sensor and (optional) OPS Slot-in PCs.

Future Ready with OPS Cable Free Expansion - upgrade the power of your display at any time without the need for external cables or devices.

DICOM support- for medical applications.

Free Download of Multi-Display Management Software - with NaViSet Administrator 2 you can manage all your connected display devices from a centralized location.

Free DisplayNote Multiuser Licence - present, share, collaborate with up to 5 participants across multiple devices (available until May 2015).
